

CV for Luke Ramsey

Bio:

Luke Ramsey (born 1979) is one of the founding members of Islands Fold, an artist residency that was on Pender Island, B.C, Canada from 2005-2010. Luke has collaborated with over 100 different artists to date, exhibits internationally and works as a freelance illustrator, painter, animator, and muralist. His client list includes The Cartoon Network, Patagonia, The New York Times, WIRED, The BC Children's Hospital and more. Luke has taught youth drawing workshops in Haida Gwaii, Powell River and Victoria, BC, Canada. He was invited as a guest speaker at The Pictoplasma conference in Berlin, Germany, 2010. Luke completed a giant collaborative outdoor mural with Josh Holinaty on the John Howard Society building in Edmonton, Canada in 2010. The mural won an award of excellence from The City of Edmonton in 2011, and a 2012 National Urban Design Medal from the Royal Architectural Institute of Canada. His illustrated book *Intelligent Sentient?* is published by Drawn & Quarterly, and was nominated for a Doug Wright Award in 2015. Luke is currently The City of Victoria's Artist in Residence for 2017-2018. Luke's work is about a continuous line in time that draws from the inside and paints over the edge. A reverence and inspection of nature, duality between simplicity and abstraction, a tidy mess.
